Hello Ex. 6 Personal Privacy (PP) and Ex. 6 Personal Privacy (PP)

That is quite the email chain.

I will talk to people about NCR workflow and attend the meeting this afternoon and we are working with Ex. 6 Personal Privacy (PP) on case prioritization.

I will look for a time later this week to set up a meeting to get me more up to speed.

Talk to you soon

Ex. 6 Personal Privacy (PP)
This is the latest that I have. See highlighted text below. Ex. 6 Personal Privacy (PP) summary of the priorities was based on a conversation that Ex. 6 Personal Privacy (PP) and I had with Ex. 6 Personal Privacy (PP) in early December to receive guidance on how to prioritize the risk assessment work. I propose discussing it on Thursday at our risk assessment coordination meeting. I just sent the meeting series.

Ex. 5 Deliberative Process (DP)

Ex. 6 Personal Privacy (PP) and I started talked about the DRM list this week and have another meeting scheduled for Tuesday morning. If we can fold Ex. 6 Personal Privacy (PP) proposal and the LVE question into that, I think that would be useful. Ex. 5 Deliberative Process (DP)

We'll aim to give some sort of update on our progress and plans at the RAB/RMB meeting on Tuesday.

All:

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Not sure if that makes sense, but here is my thinking...just trying to put down my understanding of priorities....because we all know all the work has to be done....

The current directive is this (based on conversations and I had with Ex. 6 Personal Privacy (PP) on 12/2...this has been circulated I believe):

- a. Priority #1: Cases that OCSPP is interested/high-visibility case (e.g., end up in press)
- b. Priority #2 : FY20/21 cases (including SNUR cases)
- c. Priority #3: Hair on fire cases—wait until company elevates

Having said that, since 12/2 two developments have happened: (1) the push to complete the expedited LVE re-work (which RAB finished on 12/4 for the original 12 plus a few more) and we had a lessons learned (sort of) discussion on 12/7; and (2) the decision to have folks go through the DRM list (I believe this subgroup just started this week and includes Ex. 6 Personal Privacy (PP)).

So, what I am proposing is this as a priority list:

Ex. 5 Deliberative Process (DP)

Anyway...those are my thoughts...and it is Friday and I do have my Hawaiian shirt on....

Hi

See below. This sounds like a great candidate for Ex. 5 Deliberative Process (DP) Would it be possible to add it?

Good Morning

Please excuse me if I'm outside of the standard process. I have a DRM that has been pending since September. I believe it can move forward with just an updated engineering report. The concerns were Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Is it possible to have an engineer assigned to verify my assumptions and/or update the engineering report? If so, can you forward this email to their team for review and processing?
